Testimonials

Just wanted to say a MASSIVE thank you to you, Jocee and the Ways. Everyone absolutely loved it on the night, and we've had so so many comments from everyone since about how brilliant the band were!

~ Tania & Tom - Wedding, Kent

It was brilliant! Having JoCee perform provided that magic something extra that turned it from a meeting into a show. The energy in the room was palpable. She performed brilliantly and was a pleasure to deal with throughout the event; patient and undemanding.

~ Dulux - Akso Nobel, Ascot Racecourse

Jocee and The Ways you were FANTASTIC at our wedding! From the impact of the very first moment you started playing, right to the end, the dance floor was full. Thank you so much for making such a party. Your rapport with each other and of course the sound you make is brilliant and I could've gone on all night.

Our guests absolutely loved you too. Thanks also for using your expertise in getting the vibe just right and for learning the song my sisters and my Dad requested, it was really special. I would not hesitate to recommend you! Thanks again, I had a blast dancing and am in total awe of your voice.

~ Jess & Matthew - Wedding, Essex, UK
